

# RESIDENTIAL CONVERSION INCENTIVE REBATE REQUEST FORM

This Incentive Rebate Request Form shall be used to apply for the Natural Gas Conversion and Conservation Incentive Rebate ("Incentive Rebate"). Please complete one form per meter and submit with PAID & ITEMIZED INVOICES. Please allow at least 6 weeks for payment.

| CUSTOMER AND PROPERTY INFORMATION |  |                         |  |                       |  |
|-----------------------------------|--|-------------------------|--|-----------------------|--|
| Homeowner Name                    |  | Project Completion Date |  |                       |  |
| Property Address                  |  |                         |  |                       |  |
| Mailing Address                   |  |                         |  |                       |  |
| Email                             |  | Phone                   |  | Residential Account # |  |

| CUSTOMER ELIGIBILITY (please check one box) |   |
|---|---|
| <input type="checkbox"/>                    | Customer owns or resides in a residential building or residential unit in such a building (" <u>Residential Building</u> ") that is in Summit Natural Gas of Maine, Inc.'s (" <u>Summit</u> ") natural gas service territory. |
| <input type="checkbox"/>                    | Customer has Qualifying Conversion Costs* for the Residential Building.   |

\*Qualifying Conversion Costs are those one-time costs that are incurred in the process of the initial conversion or first replacement of the Customer's furnace or boiler or household appliances to natural gas fuel, and are limited to the following one-time conversion events: (a) the reasonable cost of purchase and installation of a natural gas-fueled furnace or boiler or fixed space heating appliance or fireplace insert, or conversion of a furnace or boiler or fixed space heating appliance or fireplace insert to natural gas fuel; (b) the reasonable cost of purchase and installation of a natural gas-fueled water heater, or conversion of a water heater to natural gas fuel; (c) the reasonable cost of purchase and installation of a natural gas-fueled cooking stove or oven, or conversion of a cooking stove or oven to natural gas fuel; or (d) the reasonable cost of conversion of a clothes dryer to natural gas fuel. A customer is entitled to claim a rebate for any of the above events delineated as (a), (b), (c), or (d) only one time.

| VENDOR INFORMATION (HVAC CONTRACTOR, GAS TECHNICIAN, EQUIPMENT SUPPLIER, ETC.)      |  |
|---|--|
| COMPANY NAME, ADDRESS, AND LICENSE NUMBER (if not registered with Efficiency Maine) |  |
| Vendor 1  |  |
| Vendor 2  |  |

| REBATE CALCULATION  |   |              |                |                   |                         |
|---|---|--------------|----------------|-------------------|-------------------------|
| <b>Instructions:</b> Requested Rebate Amount = Measure Cost multiplied by Maximum % of Cost. The Requested Rebate Amount cannot exceed the Maximum Rebate amount. |   |              |                |                   |                         |
| MANUFACTURER  |   | MODEL        |                | AFUE              |                         |
| ITEM  | ELIGIBLE MEASURES   | MEASURE COST | MAXIMUM REBATE | MAXIMUM % OF COST | REQUESTED REBATE AMOUNT |
| 1   | An Efficiency Maine approved Energy Audit in conjunction with 6 hours of air sealing  | \$           | \$560          | 100%              |                         |
| 2   | An Efficiency Maine approved Energy Audit   | \$           | \$375          | 100%              |                         |
| 3   | Efficiency Maine Qualifying Natural Gas-Fueled Hot-Water Boiler   | \$           | \$1,500        | 75%               |                         |
| 4   | Non-Efficiency Maine Qualifying Natural Gas-Fueled Hot Water Boiler with an AFUE Rating greater than 90%                              | \$           | \$750          | 75%               |                         |
| 5   | Efficiency Maine Qualifying Natural Gas-Fueled Furnace  | \$           | \$1,125        | 75%               |                         |
| 6   | Energy Star Qualifying Natural Gas-Fueled On-Demand Water Heater  | \$           | \$560          | 75%               |                         |
| 7   | Energy Star Qualified Natural Gas-Fueled Storage Water Heater   | \$           | \$300          | 75%               |                         |
| 8   | Natural Gas-Fueled Conversion Burner or Other Fixed Space Heating Equipment, including boilers not otherwise included in 1 or 2 above | \$           | \$375          | 50%               |                         |
| 9   | Natural Gas-Fueled Cooking Stove and/or Oven  | \$           | \$375          | 50%               |                         |
| 10  | Natural Gas-Fueled Clothes Dryer  | \$           | \$375          | 50%               |                         |
| <b>Total Incentive Rebate Amount Requested:</b>   |   |              |                |                   | <b>\$</b>               |

For Items 1 – 2, Customer is only eligible for a maximum Incentive Refund of \$560. For Items 3 – 10, Customer is only eligible for a maximum Incentive Refund of \$1,500 in the aggregate, except if the Customer is approved for the LIHEAP Program, in which case, Customer must complete the Residential Conversion LIHEAP Incentive Rebate Request Form. The terms and conditions for this Incentive Rebate is posted at [www.summitnaturalgasmaine.com/rebates](http://www.summitnaturalgasmaine.com/rebates). All decisions by Summit are final regarding this Incentive Rebate.

Please send check to  customer OR  vendor:

Customer or Vendor Name: \_\_\_\_\_

Customer or Vendor Address: \_\_\_\_\_
