Simplify how you manage and pay your utility bill

Plan ahead with Budget Billing

Summit Natural Gas understands that being able to plan for your monthly expenses year-round allows you to have more peace of mind. Budget billing allows you to pay a fixed amount each month, based on your energy usage history. Many customers find it easier to budget for a regular bill amount than to accommodate the cost fluctuations that go with higher energy usage periods. Budget Billing is available year-round and will begin with the next bill following sign-up.

Go Green with Paperless Billing

As a Summit Natural Gas customer, you can enjoy the convenience of Paperless Billing while also making a positive impact on the environment. You will receive an email notification when your bill is ready to view and have access to view past bills and payment history.

Get payment flexibility with AutoPay

AutoPay allows you to make scheduled payments using your checking account, debit or credit card. Not only that, but you have more flexibility to schedule your auto payments on a fixed day each month or when your bill is due!

Sign up for any of these options by speaking with a customer service representative at (800) 909-7642 or by visiting the My Account page on our website.

GO GREEN, WIN GREEN!

Sign up for Paperless Billing for your chance to win \$250!* Get a 2nd entry when you sign up for Budget Billing!
